Profile

Computer Science graduate specializing in AI & ML with hands-on experience in Python, FastAPI, PostgreSQL, and Docker. Interested in backend development, scalable systems, RESTful APIs, and AI-powered applications.

Education

Durga Prasad Vidyaniketan, Kanpur
High School

Durga Prasad Vidyaniketan, Kanpur
Intermediate (PCM)

Pranveer Singh Institute of Technology (PSIT), Kanpur
B.Tech in Computer Science (Artificial Intelligence & Machine Learning)

Experience

Web Developer Trainee

Graptix

- Worked on web application development using Node.js, Express.js, JavaScript, HTML, CSS, and PostgreSQL.
- Developed and integrated backend functionality and RESTful APIs while working with databases for application data management.
- Collaborated on implementing and improving web application features while following structured development and version control practices.

Projects

AI Contract Analyzer

Tech Stack: Python, FastAPI, PostgreSQL, LLMs, OpenAI API, Docker

- Developing an AI-powered application to analyze legal contracts and extract meaningful insights from uploaded documents.
- Building a modular FastAPI backend with document processing and LLM-based analysis workflows.
- Implementing automated summarization and AI-assisted identification of key clauses, obligations, and potential risks.

Distributed Storage System

Tech Stack: Python, FastAPI, PostgreSQL, SQLAlchemy, Docker, Git

- Developed a file storage backend supporting upload, download, replacement, deletion, search, and metadata retrieval through RESTful APIs.
- Designed PostgreSQL metadata management using SQLAlchemy and implemented persistent storage.
- Containerized the application with Docker and Docker Compose and maintained a modular backend architecture.

Skills

- **Programming:** Python, C++ , JavaScript
- **Backend:** FastAPI, Flask, REST APIs
- **Database:** PostgreSQL, SQLAlchemy
- **Tools:** Docker, Git, GitHub
- **Core Concepts:** Data Structures & Algorithms, OOP, DBMS

Certifications

- Data Analytics Job Simulation — Deloitte
- Programming Fundamentals using Python — Infosys
- Problem Solving — HackerRank

Interests

Artificial Intelligence, Backend Development, Android Development, System Design, Fitness
